DATA SHEET

Triplex

The robust and safe aluminum tripod for work in confined areas.

PRODUCT DESCRIPTION

- The ZARGES Triplex tripod is a lightweight, robust solution for safely lifting and performing abseiling operations on people and materials in confined spaces. It can be adjusted in height from 1.5 m to 2.5 m and installed through openings with a diameter of up to 100 cm. Two 16 mm thick forged steel eyelets allow for the direct attachment of safety, suspension, and rescue systems. Non-slip rubber feet and an integrated safety chain ensure stability. It meets the requirements of the EN 795-B standard.
- ZmartCheck - provides quick access to security-relevant information.
- Lightweight aluminum construction – quick installation.
- Height adjustment: 1.5–2.5 m.
- Suitable for openings with a diameter from 0.56 m to 1.10 m.
- Equipped with two eye bolts for attachment.
- Non-slip rubber pads on the feet for secure footing.
- Safety chain for stable positioning.
- Product weight: 18 kg.
- Complies with EN 795-B.
- Inspection instructions accessible via QR code – instantly available in digital format.
- CEN/TS 16415:2013 (2 users)

HINTS AND SPECIAL FEATURES

Complies with EN 795-B.

PRODUCT FEATURES

Property	Value
Load capacity	300 kg
Material	Aluminium
Maximum length	2.5 m
Maximum service life	20 J
Minimum length	1.5 m
Standards	EN 795-B
Weight	18 kg
