

Galvanised steel shaft covers with cover plate

Shaft covers that can be walked on, with cover plate, for indoor use.

Product description

- Compliant with DIN EN 124 in conjunction with DIN 1229.
- Tapering section design, therefore easy to open. No sticking.
- Easy to open, no jamming.
- EPDM seal (petrol-resistant seal available on request).
- Odour-tight and impervious to surface water.
- Load with cover plate: test force 15 kN (=1.5 t).
- Incl. lift-out handles (pair) made from stainless steel, comprising one self-lifting opening handle and one lift-out handle.

Product features

Design height

63 mm

Material, frame

Steel, galvanised
