

Salvex

The simple and uncomplicated entry-level model.

Product description

- Salvex is lightweight, comfortable and very easy to
 use. Thanks to its two-colour design blue at the top
 and black at the bottom it is intuitive to put on.
 Salvex also offers an above-average number of
 functions compared to the rest of the market, without
 putting a strain on your budget. With automatic belt
 fasteners for quick donning and a textile sternal
 eyelet for maximum comfort.
- Chair In The Air the unique solution against suspension trauma. Directly integrated into the harness. Even inexperienced persons can safely position themselves after a fall in just 5 seconds.
- · Webalert warns about cracked belts.
- ZmartCheck provides quick access to securityrelevant information.
- Textile attachment point for minimal weight and maximum comfort.
- Aluminium dorsal eyelets light and robust.
- Automatic belt buckles and numerous adjustment options for fast application and an optimal fit.
- Suitable for people up to 150 kg.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.
