

Telescopic single ladder - 40385

The world champion when it comes to space-saving: extremely small format for transport, but wide rungs for a secure standing surface.

Product description

- The world champion when it comes to space-saving: extremely small format for transport, but wide rungs for a secure standing surface.
- When pushed together, the ladder fits into any luggage compartment.
- Can be adjusted to different heights - several ladders in one. As a result, it can be always be at the suitable height.
- Silicone anti-friction buffers in the stiles ensure maximum safety during telescoping.
- Original TELESTEPS - the product innovation by the inventor of the telescopic ladder.
- Treads with a depth of 80 mm for fatigue-free standing.
- New triangular stile for increased stability and resistance to torsion.
- Abrasion-resistant, anodised stiles.

Hints and special features

Complies with EN 131-6.

Product features

Coating anodised	Load capacity max. 150 kg	Material Aluminium	Number of treads 9	Overall length, extended 2.9 m
Overall length, retracted 0.76 m	Pitch rung/tread 300 mm	Standards EN 131-6	Transport dimensions approx. 810 mm × approx. 470 mm × approx. 110 mm	Tread depth 80 mm
Type rung/tread serrated	Warranty Missing translation	Weight 10.2 kg	Working height approx. 3.8 m
