

# Telescopic single ladder - 40385

The world champion when it comes to space-saving: extremely small format for transport, but wide rungs for a secure standing surface.

## Product description

- The world champion when it comes to space-saving: extremely small format for transport, but wide rungs for a secure standing surface.
- When pushed together, the ladder fits into any luggage compartment.
- Can be adjusted to different heights - several ladders in one. As a result, it can be always be at the suitable height.
- Silicone anti-friction buffers in the stiles ensure maximum safety during telescoping.
- Original TELESTEPS - the product innovation by the inventor of the telescopic ladder.
- Treads with a depth of 80 mm for fatigue-free standing.
- New triangular stile for increased stability and resistance to torsion.
- Abrasion-resistant, anodised stiles.

## Hints and special features

Complies with EN 131-6.
