

Telescopic single ladder -

40386

The world champion when it comes to space-saving:
extremely small format for transport, but wide rungs
for a secure standing surface.

Product description

- The world champion when it comes to space-saving:
extremely small format for transport, but wide
rungs for a secure standing surface.
- When pushed together, the ladder fits into any
luggage compartment.
- Can be adjusted to different heights - several
ladders in one. As a result, it can be always be at
the suitable height.
- Silicone anti-friction buffers in the stiles ensure
maximum safety during telescoping.
- Original TELESTEPS - the product innovation by the
inventor of the telescopic ladder.
- Treads with a depth of 80 mm for fatigue-free
standing.
- New triangular stile for increased stability and
resistance to torsion.
- Abrasion-resistant, anodised stiles.

Hints and special features

Complies with EN 131-6.

Product features

Coating anodised	Load capacity max. 150 kg	Material Aluminium	Number of treads 11	Overall length, extended 3.5 m
Overall length, retracted 0.87 m	Pitch rung/tread 300 mm	Standards EN 131-6	Transport dimensions approx. 880 mm x approx. 560 mm x approx. 120 mm	Tread depth 80 mm
Type rung/tread serrated	Warranty Missing translation	Weight 15.2 kg	Working height approx. 4.3 m	certification-mark-pf TÜV-SÜD
