

K 470 Universal Box - 40678

The K 470 product range offers an exceptional selection of 25 standard sizes. Their capacity ranges from 13 L to 829 L. Special sizes are also available.

Product description

- Compact and secure storage and transport thanks to stacking corners made of cast aluminium.
- Large, ergonomic handles and closures facilitate handling, even when the user is wearing gloves.
- Resistant to heat and cold, tested from -54°C to +80°C.
- A whole host of quality features ensure a long service life, including fully welded profiles, stainless-steel hinges, beading and solid rivets. All K 470 models with base dimensions of 750 x 550 mm and above are made of extra-thick 1.5 mm sheet metal to provide added stability.
- 25 standard sizes, customised sizes on request.
- Lid with stainless steel hinge strip, two lid straps and foamed seal all round.
- Stacking corners made from diecast aluminium ensure safe stacking.
- High level of stability due to 3 fully-welded aluminium profile frames.
- UN approval for the transportation of hazardous goods possible at additional charge.
- ZARGES Comfort handles for ergonomic handling

and loads of up to 50 kg.

- Depending on height, beading all round and corner beading for extra stability of form.
- Snap fasteners: can be secured with a plug lock, lead seals, protection against bursting open or a padlock (max. shackle thickness 6 mm).
- Ergonomic & durable C. fasteners for at least 20,000 operating cycles.
- Extra thick 1.5-mm sheet metal for all K²470 containers from basic dimensions of 750 x 550 mm.

Hints and special features

Clearance measurement approx. 30mm (1.2") less than internal dimension (length and width). Special sizes on request.
