

## Roof ladders - 41391

Safe access to various roof pitches via high-stability stationary ladder with rungs arranged eccentrically.

### Product description

- Safe access to various roof pitches via high-stability stationary ladder with rungs arranged eccentrically.
- Safe, square rungs with 2 differently inclined tread surfaces.
- Robust stile sections ensure 80 mm safety clearance between the rungs and the roof surface.
- Problem-free coordination of the ladder to the relevant roof length.
- Off-centre rung arrangement.
- Maximum loading capacity 150 kg.
- Outside width: 340 mm.
- High strength, non-twist rung/stile connections.
- Rungs made from extruded aluminium sections for maximum safety.

### Hints and special features

Connecting straps are included with every roof ladder as standard.

### Product features

Coating	Colour	Connection Stile-Rung	Ladder width	Load capacity
