

De-icing platform

expansion module - 43026

The extension modules for ZARGES de-icing platforms add another 2 metres to the length of the base platform.

Product description

- The many different ways of combining modules make our de-icing platform exceptionally versatile. You can simply combine several base modules with expansion modules to create the platform you want.
- Easy to construct thanks to its high level of pre-assembly.
- Version with treads and platform made from steel grid.
- The platform height of 3.0 metres allows work to be performed at approx. 4.80 metres.
- The extension module (order no. 43026) adds another 2 metres to the base module (order no. 43025). Can also be combined with order no. 43030 to add another 6 metres.
- Standard applied: DIN EN ISO 14122.

Product features

Platform height	-
Version	Extension module 2,000 mm
Warranty	10 years
