DATA SHEET

Salvex - 47801

The simple and uncomplicated entry-level model.

PRODUCT DESCRIPTION

- Salvex is lightweight, comfortable, and very easy to use. Thanks to its two-tone design—blue on top and black on the bottom—putting it on is intuitive. In addition, Salvex offers more functions than most comparable products on the market, without breaking the bank. It features automatic harness buckles for quick donning and a textile sternal attachment point for maximum comfort.
- Chair In The Air—the unique solution for suspension trauma. Integrated directly into the belt, even an inexperienced person can assume a safe position within just 5 seconds after a fall.
- WebAlert - warns about cracked belts.
- ZmartCheck - provides quick access to security-relevant information.
- Sternal textile attachment point for minimal weight and maximum comfort.
- Aluminium dorsal eyelets - light and robust.
- Automatic buckle closures and a wide range of adjustment options for quick donning and an optimal fit.
- Suitable for people weighing up to 150 kg.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.
