

Salvex+ - 47803

Fast and practical on site.

Product description

- A comfortable yet lightweight full body harness compliant with EN 361:2002, featuring numerous design elements for maximum safety. The Salvex+ is lightweight and equipped with flexible shoulder and leg pads for enhanced comfort, it can be put on very quickly and allows you to always have the right tools at hand. It features automatic buckle closures for quick donning and a textile sternal attachment point for maximum comfort.
- Breathable, wide back and leg pads (removable) - for maximum comfort.
- Chair In The Air - the unique solution against suspension trauma. Directly integrated into the harness. Even inexperienced persons can safely position themselves after a fall in just 5 seconds.
- WebAlert - warns about cracked belts.
- ZmartCheck - provides quick access to security-relevant information.
- Aluminium dorsal eyelets - light and robust.
- Suitable for people weighing up to 150 kg.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.
