DATA SHEET

Suprax - 47807

The comfortable and robust seat harness for rope-supported work.

PRODUCT DESCRIPTION

- The comfortable and durable sit harness for rope access and rescue. Designed to meet the highest requirements for comfort, strength, and practicality for daily rope access and rescue tasks, such as high-altitude rescue or industrial climbing. The Suprax offers an excellent fit, preventing pressure points and discomfort, while keeping equipment secure and perfectly organized. Numerous attachment elements and retention loops also allow for easy connection to various safety and work positioning systems.
- Breathable, wide back and hip pads, leg pads and shoulder straps are removable - for maximum comfort.
- Automatic buckle closures and a wide range of adjustment options for quick donning and an optimal fit.
- Foldable side attachment elements do not get in the way when climbing.
- WebAlert - warns about cracked belts.
- ZmartCheck - provides quick access to security-relevant information.
- Aluminium eyelets sternal, dorsal and ventral - light and robust.
- Robust material loops (20 kg load capacity) and a lanyard park ensure safe workplace organisation.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.
- Suitable for people weighing up to 150 kg.
