

AXIC-Y - 47809

Double lanyard with elastic arms according to EN 354:2010 and integrated energy absorber according to EN 355:2002. The integrated O-ring prevents the arms from twisting during use. The length is flexible and can be varied between 1.40 m and 1.80 m. The lanyard is optionally equipped with carabiners or rebar hooks.

Product description

- Double lanyard according to EN 354:2010 with energy absorber according to EN 355:2002.
- Flexible length between 1.40 and 1.80 m.
