DATA SHEET

Height-adjustable work platform – base module

Work safely at heights.

PRODUCT DESCRIPTION

- The clearance of up to 4,000 mm allows you to reach great heights.
- The overhang on the optional extension platform (fixed or foldable) offers even more flexible access.
- The swivel castors provide great mobility, and the additional slide-out stabilisers and levelling feet on the extension platform ensure stability.
- Choose between a fixed ladder, a push-up ladder and stairs. All access options can be adapted in height to allow users to climb up to the platform effortlessly.
- Two people can work on the platform simultaneously thanks to its generous size and high load capacity of 300 kg – the same goes for the optional extension platform.

HINTS AND SPECIAL FEATURES

If the existing modular system does not meet your requirements, we can also offer you customised solutions tailored to your needs.
Standard applied: DIN EN ISO 14122.

PRODUCT FEATURES

Property	Value
Platform width	1240 mm
Standards	NF EN ISO 14122-4
Weight	580 kg

PRODUCT VARIANTS

	40060000	40060001
Model	L	M
Platform height	1.750mm - 4.250mm	1.200mm - 2.900mm
Platform length	3690 mm	2880 mm
