DATA SHEET

Tanker ladder basic module

Safe access for servicing, repairing, filling and cleaning road tankers and tank wagons.

PRODUCT DESCRIPTION

- Safe access for servicing, repairing, filling and cleaning road tankers and tank wagons.
- Applications: Food industry, chemical and petrochemical industries, and rail vehicles.
- Possible platform heights from 2,770 mm to 4,100 mm.
- Simple height adjustment in 280 mm increments by means of two-part push-up ladder and a cable winch.
- Double-sided handrail on the push-up ladder for maximum safety when climbing.
- Easily moved by hand via chassis with two fixed and swivel castors.
- A variety of configuration options make our tanker ladders extremely flexible. Combine the base module with the required and optional modules of your choice.
- Ladder with rungs 30 mm deep made from aluminium extrusion.
- Round or rectangular guardrail.
- Different chassis versions available depending on requirements.
- Optionally with 600 mm wide platform in three different lengths.
- Platform surface Serrated aluminium.

HINTS AND SPECIAL FEATURES

If the existing modular system does not meet your requirements, we can also offer you customised solutions tailored to your needs.

PRODUCT FEATURES

Property	Value
