

# Complete single-sided fuelling equipment for the fuelling platform with small height adjustment range.

The complete fuelling equipment provides the ZARGES fuelling platform with everything required for refuelling aircraft.

## Product description

- Storage tray for holding the fuel cap directly at the railings.
- Canister holder, incl. canister.
- Holder with full pipework, hose, pressure relief and coupling.
- Fuelling equipment mounted on one side
- Cable drum with 200 mm long cable for earthing the platform during refuelling.

## Hints and special features

The fuelling equipment is already primed but not yet included for this product variant. However, the same product is also available with or without fuelling equipment.

Standards used:  
DIN EN 1915 - General requirements  
Part 1 - Basic safety requirements  
Part 2 - Stability and strength requirements  
DIN 12312 -
