

Front working platform with height adjustment

Work platform for servicing the front of a train, with access to the windscreen, windscreen wiper or destination indicator.

Product description

- Compatible with all kinds of vehicles and track widths thanks to its adaptable contour and width.
- Two-way chassis for moving on normal workshop floors, rails or elevated tracks.
- Platform height adjustable between 1,500 and 3,500 mm
- Completely flat design for vehicles with low- or high-hanging pilots.
