

# Salvex

The simple and uncomplicated entry-level model.

## Product description

- Salvex is lightweight, comfortable and very easy to use. Thanks to its two-colour design - blue at the top and black at the bottom - it is intuitive to put on. Salvex also offers an above-average number of functions compared to the rest of the market, without putting a strain on your budget. With automatic belt fasteners for quick donning and a textile sternal eyelet for maximum comfort.
- Chair In The Air - the unique solution against suspension trauma. Directly integrated into the harness. Even inexperienced persons can safely position themselves after a fall in just 5 seconds.
- WebAlert - warns about cracked belts.
- ZmartCheck - provides quick access to security-relevant information.
- Textile attachment point for minimal weight and maximum comfort.
- Aluminium dorsal eyelets - light and robust.
- Automatic belt buckles and numerous adjustment options for fast application and an optimal fit.
- Suitable for people up to 150 kg.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.

## Hints and special features
