R3

R3: Reusable, safe, and reliable anchor point

PRODUCT DESCRIPTION

- The Zarges R3 concrete anchor is a reusable, safe, and reliable anchor point for horizontal, vertical, or overhead applications. A quick-release button allows users to easily follow the installation and removal procedures, boosting productivity. Its robust design and extremely hard carbon coating enhance durability in all types of concrete. The anchor features an omnidirectional design that allows the connection to rotate 360° and swivel 180° back and forth to improve compatibility.
- Simple single-handed operation with push-to-stop installation - no tools required
- Quick-release button for ease of removal
- Extremely hard carbon coating
- Cycle test carried out for 5,000 operations
- Forged stainless steel D-ring with swivel
- EN 795:2012 Type B
- For a maximum of 1 user (up to 300 kg)
- Tested with 18 kN according to EN 795
