

Fibreglass Hop-up work platform, double width - 100305

The ZARGES Fibreglass Hop-Up is engineered for industrial construction work, featuring sturdy non-conductive fibreglass legs that prioritise safety when working around live electricity.

Product description

- High level of protection provided for working on electrical installations thanks to insulated stiles made from glass-fibre-reinforced plastic.
- Extra-large square platform (600 mm x 600 mm), perfect for those needing a large space whilst working.
- Simple and easy to use with locking hinges for added safety.
- Compact folded dimensions for easy storage and transportation.
- Stability through slip-resistant plastic end caps.
- Lightweight construction with robust design for lasting durability.
- 150kg load capacity.

Product features

Base 0,9 m x 0,7 m	Connection between stiles and rungs/stiles riveted	Dimensions, folded Missing translation	Load capacity max. 150 kg	Material Aluminium /
