DATA SHEET

Height-adjustable work platform – base module - 40060000

Work safely at heights.

PRODUCT DESCRIPTION

- The clearance of up to 4,000 mm allows you to reach great heights.
- The overhang on the optional extension platform (fixed or foldable) offers even more flexible access.
- The swivel castors provide great mobility, and the additional slide-out stabilisers and levelling feet on the extension platform ensure stability.
- Choose between a fixed ladder, a push-up ladder and stairs. All access options can be adapted in height to allow users to climb up to the platform effortlessly.
- Two people can work on the platform simultaneously thanks to its generous size and high load capacity of 300 kg – the same goes for the optional extension platform.

HINTS AND SPECIAL FEATURES

If the existing modular system does not meet your requirements, we can also offer you customised solutions tailored to your needs.
Standard applied: DIN EN ISO 14 122.
