

# K 270 transport containers

## - 40553

For protected storage and safe transport - at any temperature.

### Product description

- Universal container with ergonomic cut-out handles for safe storage and transportation at any temperature.
- Designed for standard pallet dimensions according to DIN 15 141.
- Can be used on roller conveyors and conveyor belts.
- High durability due to edge and bottom frames made of solid profiles that are fully welded together at their joints.
- Optional coding labels for assigning destination.
- Universal aluminium container.
- Edge and base profile frames made of solid profile sections.
- Fully welded joints between profile sections.
- Ergonomic handles at either end.
- Coding strips for destination management are available.
