DATA SHEET

W 170 transport trolley - 40631

The all-rounder: a sturdy box trolley for universal applications, for in-company logistics or for the transportation of waste.

PRODUCT DESCRIPTION

- Robust and durable due to many quality features, e.g. sturdy, generously dimensioned edge and base profile, permanent connection to jacket and base plate using high-strength positive locking, riveted shell joint and welded frame profiles.
- High stiffness due to end and side walls reinforced with peripheral beading and corner beads.
- Effortless to manoeuvre due to easy-running, non-marking rubber wheels that are mounted on roller bearings and equipped with thread guards.
- Sturdy, generously dimensioned edge and base profile sections, high-strength positive locking ensures permanent bonding to jacket and base metal.
- Front and side panel reinforcement with all-around and corner beads for high stability.
- Chassis: 2 swivel casters and 2 fixed casters in a corner configuration, 125 mm diameter, 40 mm width, smooth-rolling, rubber-wheeled, non-marking, ball-bearing mounted, with thread guards.
- Casing joint riveted throughout, frame profile sections welded.
