

# W 170 transport trolley - 40631

The all-rounder: a sturdy box trolley for universal applications, for in-company logistics or for the transportation of waste.

## Product description

- Robust and durable due to many quality features, e.g. sturdy, generously dimensioned edge and base profile, permanent connection to jacket and base plate using high-strength positive locking, riveted shell joint and welded frame profiles.
- High stiffness due to end and side walls reinforced with peripheral beading and corner beads.
- Effortless to manoeuvre due to easy-running, non-marking rubber wheels that are mounted on roller bearings and equipped with thread guards.
- Sturdy, generously dimensioned edge and base profile sections, high-strength positive locking ensures permanent bonding to jacket and base metal.
- End and side walls reinforced with peripheral beading and corner beads.
- Chassis: 2 swivel and 2 fixed castors, corner-mounted, Ø 125 mm, 40 mm wide; easy-running, non-marking rubber wheels with roller bearings and thread guards.
- Casing joint riveted throughout, frame profile sections welded.
