

De-icing platform expansion module - 43030

Depending on the model, the extension modules for ZARGES de-icing platforms add another 6 or 2 metres to the length of the base platform.

Product description

- The many different ways of combining the various modules make our de-icing platform exceptionally versatile. You can create the platform you want by simply combining several base modules with expansion modules as required.
- Easy to construct thanks to its high level of pre-assembly.
- Version with steel open-grid treads and platform.
- The platform height of 3.0 metres allows work to be performed at approx. 4.80 metres.
- The extension module (order no. 43030) adds another 6 metres to the base module (order no. 43025). Can also be combined with order no. 43026 to add another 2 metres.
- Standard applied: DIN EN ISO 14 122.
