

PaxTower 3T - 5535102

Professional tower system available in modular packs to build the tower up to 5.6m platform height with quick and safe assembly - 2m build intervals between each tower size. This Through the Trapdoor (3T) tower fully complies to the latest EN 1004-1 safety standard.

Product description

- Innovative toe board system with no clips – removes the need for toe board clips reducing the amount of loose components.
- Smooth slot-in spigots to prevent tilting when the end frames join together.
- One-piece fold out snap-frame with simple, one-handed lock and release operation, for quick and easy set up.
