DATA SHEET

ZAP Telemaster S

Secure and flexible: height adjustable platform with all-round railing for stability, easy to adjust with compact closed dimensions.

PRODUCT DESCRIPTION

- The only platform ladder that perfectly combines maximum safety with the easiest possible handling.
- Simple height adjustment according to the push-up ladder principle, thus different heights can be obtained with only one platform ladder.
- Easy to use—handrails and guardrails unfold automatically during setup.
- Can be used on stairs and folded to a very compact size for transport and storage.
- The two rear wheels make it easy to move.
- Large standing surface, 665 × 440 mm, made of 7-ply adhesive-bonded plywood board, with guardrail and knee bar, ensures maximum work safety and comfortable standing.
- Complies with new European standard DIN EN 131-7.
- The ladder can be easily moved thanks to two large casters on the back, even when it is set up.
- Compact dimensions when folded, therefore easy to transport and store.
- High strength, non-twist rung/stile connections.
- Replaceable 2-component plastic end caps ensure positioning without risk of slipping.
- Can be used on steps/stairs.
- Order No. 41325 without stabiliser.
- Number of ballast weights required for order no. 41328 when used outdoors: 4 (order no. 41331).
