

# Wall bracket, rigid

## Product description

- For 200 mm stand-off.
- The individual wall brackets may only be anchored and mounted using the tension straps on reinforced and approved concrete base or on a supporting steel structure. (Order no. 43263 galvanized steel or 44263 stainless steel).

## Hints and special features

The maximum distance between the individual wall brackets is 2.00 m. But each ladder section must be mounted with at least 4 wall brackets. A separate static calculation will be required.
