

ZAP R13master S

The universal platform ladder for all kinds of demanding applications. You can also use this ladder as a refuelling ladder to help you get work done quickly and safely.

Product description

- The universal platform ladder for all kinds of demanding applications. You can also use this ladder as a refuelling ladder to help you get work done quickly and safely.
- Our ladder is equipped with two removable mounts for securely holding underwing refuelling nozzles on the ladder's access section.
- A stabiliser on the ladder's support section ensures safe standing. Also available in other widths.
- The spacious platform (500x450mm) made of steel grating ensures maximum secure footing thanks to its R13 slip-resistance rating and design that allows liquids to drain off.
- Two wheels on the access section ensure easy ladder operation. The wheels can also be attached to the support section.
- 80 mm deep treads with R13 surface and perforations to drain fast.
