

# Skymaster EFAmix X

The Skymaster is strong, sturdy and safely insulated thanks to glass reinforced polyester (GRP) stiles, making it ideal for working with electrical equipment or near electrical hazards.

## Product description

- The Skymaster is strong, sturdy and safely insulated thanks to glass reinforced polyester (GRP) stiles, making it ideal for working with electrical equipment or near electrical hazards.
- High level of protection provided for working on electrical installations thanks to insulated stiles made from glass-fibre-reinforced plastic.
- One rigid connection.
- Aluminium alloy rungs (30 x 30 mm).
- Strong Perlon straps.
- Optimum wrap-around stile guide that encompasses the whole rung.
- Locks safely by means of hooks with lift-off retainer.
- Replaceable 2-component plastic end caps ensure positioning without the risk of slipping and at the same time provide firm seating in the stile.

## Hints and special features

Complies with EN 131 Professional.
