DATA SHEET

De-icing platform expansion module

Depending on the model, the extension modules for ZARGES de-icing platforms add another 6 or 2 metres to the length of the base platform.

PRODUCT DESCRIPTION

- The many different ways of combining the various modules make our de-icing platform exceptionally versatile. You can create the platform you want by simply combining several base modules with expansion modules as required.
- Easy to construct thanks to its high level of pre-assembly.
- Version with steel open-grid treads and platform.
- The platform height of 3.0 metres allows work to be performed at approx. 4.80 metres.
- The base module (item no. 43025) can be combined with an additional extension module (item no. 43026) to add 2 meters, or with item no. 43030 to add 6 meters. A second stair module (item no. 43027) is also available.
- Standard applied: DIN EN ISO 14 122.

PRODUCT FEATURES

Property	Value
Warranty	10 years

PRODUCT VARIANTS

	43026	43027	43030
Load capacity	–	max. 150 kg	–
Overall span	–	3091 mm	–
Platform height	–	3.000mm	–
Platform width	–	800 mm	–
Tread width	–	800 mm	–
Version	Extension module 2,000 mm	Second stair module	Extension module 6,000 mm
