

# De-icing platform expansion module

Depending on the model, the extension modules for ZARGES de-icing platforms add another 6 or 2 metres to the length of the base platform.

## Product description

- The many different ways of combining the various modules make our de-icing platform exceptionally versatile. You can create the platform you want by simply combining several base modules with expansion modules as required.
- Easy to construct thanks to its high level of pre-assembly.
- Version with steel open-grid treads and platform.
- The platform height of 3.0 metres allows work to be performed at approx. 4.80 metres.
- Can be combined with the base module (order no. 43025), the 2-metre extension module (order no. 43026) or the 6-metre extension module (order no. 43030).
- Standard applied: DIN EN ISO 14 122.

## Product features

Warranty	10 years
----------	----------

## Product variants

	43026	43027	43030
Load capacity	-	max. 150 kg	-
Overall span	-	3091 mm	-
Platform height	-	3.000mm -	-
Platform width	-	800 mm	-
Tread width	-	800 mm	-
Version	Extension module 2,000 mm	Second step module	Extension module 6,000 mm
