

APU docks

Brace-free design with sliding panels to open or close the platform. The opening allows parts/APU to be lowered and direct loading by forklifts from the floor.

Product description

- Fixed or with chassis for mobile applications.
- With fixed or adjustable height.
- Outriggers have height adjusters to compensate for uneven ground.
- Sliding panels and bumpers.
- A variety of railing options, including fixed or height-adjustable railings, foldable railing cages and fall protection devices.
- Optimum adaptation to contours with high variability.
