

# Fibreglass Hop-up work platform, double width

The ZARGES Fibreglass Hop-Up is engineered for industrial construction work, featuring sturdy non-conductive fibreglass legs that prioritise safety when working around live electricity.

## Product description

- High level of protection provided for working on electrical installations thanks to insulated stiles made from glass-fibre-reinforced plastic.
- Large platform (600 mm x 600 mm) for safe and comfortable working.
- Folds to extremely small dimensions for transport and storage.
- Firm positioning thanks to anti-slip plastic end caps.
- Maximum loading capacity 150 kg.
